Statement of Philosophy and Goals

Kids Academy Day Care Center Believes in three Golden Values:

- Children's Safety and Well-Being
- Respect and Care for Children
- Child Development through an engaging learning environment and hands-on activities

Engaging

- Your child will be encouraged to ask questions
- Your child will be guided to extend their thinking to further develop thoughts, ideas, language and intellectual skills

Educational

- Kids Academy will provide and maintain high-quality programs that prepare your child for success in kindergarten and primary schools.

CLASSROOMS

- Infant through Kindergarten
- Before and after school care

Rich Developmental Environment

It is the firm belief of the teachers and care providers at Kids Academy that it is through a safe environment, filled with opportunities for learning, play and unconditional respect and care, that children can reach their maximum potential for cognitive, intellectual, social, emotional, language and physical growth and development. At Kids Academy, we call this a Rich Developmental Environment.

Constant Goals of Kids Academy

- To provide an environment of safety and trust where each child feels secure and comfortable in their surroundings
- To provide an environment where each child is considered unique and his/her uniqueness is valued and respected
- To provide an environment where each child's independence is respected and encouraged
- To use teaching methods and instructional materials by which each child benefits from constructive activities to enhance his/her cognitive skills
- To use teaching methods and instructional materials by which each child is free to use and display his/her imagination and creativity
